

## **Wastewater Treatment Manager Full-time Position**

*The Municipality of Colchester is centrally located within Nova Scotia between two extraordinary coastlines and is a progressive rural community that offers an unparalleled work-life balance. It is a place that is affordable, welcoming, family focused, rich in diverse culture and natural beauty, with thriving businesses and access to all the modern amenities typically found in an urban setting – without the common stresses of living in an urban setting.*

### **About the role:**

The Wastewater Treatment Manager reports to the Director of Public Works and is responsible for the overall operations of five wastewater treatment plants and 30 lift stations, including one Level III treatment plant which services the central areas of the County, and includes a biosolids dewatering facility. The manager has primary responsibility for operational control of the plants and pumping stations including process management, regulatory reporting, preventative maintenance, future planning, budget development and control, and employee oversight.

**Salary range:** \$78,501 - \$91,037 based on 40 hours per week.

### **Benefits:**

- Group Benefits - Health, Dental, Life, Long Term Disability, and Accidental Death & Dismemberment
- Retirement Plan - Nova Scotia Public Service Superannuation Plan (Employer matched)
- Work-Life Balance
  - Fitness and Well-being Incentives
  - Competitive Paid Vacation & Paid Holidays
  - Pregnancy Top-Up Provisions
  - Professional Development Opportunities

### **Qualities to succeed in the role:**

- Ambition
- Problem solving skills
- Organization & time management skills
- Strong interpersonal skills to effectively interact with various levels of staff, Council, and external agencies
- Sincere interest in this field of work
- Leadership skills
- Public relations skills
- Ability to foster effective relationships, manage union & non-unionized staff, & balance daily operations

### **Education & experience required:**

- Minimum of 2 years of post-secondary education in the field of engineering, water treatment or wastewater treatment, or in a related science
- Capable of obtaining Level III Wastewater Treatment certification within 4.5 years
- Level I and II Wastewater Treatment certifications will be considered an asset
- Management experience

**We welcome applications from all qualified applicants.** Please submit a covering letter and resume by July 29, 2022, to the Municipality of Colchester, 1 Church Street, Truro, NS B2N 3Z5 or email: [kgrattomccarthy@colchester.ca](mailto:kgrattomccarthy@colchester.ca).
